**Family:** Convolvulaceae

**Parts Used:** Seed

### Sources

Grows in many parts of China. In Fall collect seeds from the dried part cut from the explore the ground of the plant. Use raw or cooked.

### Chemical Component

Glucoside, Vit. A

### Use Recommendations

Sexual dysfunctions such as Impotence and seminal emission. Frequency of urination. Sore back. Leukorrhea. Threatened abortion.

### Effects

Experiments indicate that Cuscuta can excite the uterus muscles of the experimental animal can improve the contraction of heart.

### Dosage

9 - 15gm.

### Precautions

This herb mainly use to tonify the body, it is not considered to use for a person with constipation or deep red color urination.

### Contraindications

Pregnancy.

**Interesting facts**

A young guy was hired to look after a farmer's bunnies. Accidentally, one day, he broke the one bunny, he hid it in a field of soybean plants in order not to let the employer know. After the farmer found out the shortage of bunny, the young man went to the field to see if the rabbit was there. Surprisingly, the banished rabbit not only still alive but can jump around actively. He ate the soybean that the rabbit ate help it to be recovered from the injury. In order to prove himself, he dropped another rabbit to the field after broken its spine on purposely. At this time, he was watching what the rabbit was eating and noticed that it consumed only seeds of a parasitic plant on the soybean plants. The young man started to pick the seeds of this plant and decocted his father to drink who has suffering severe back pain. Soon afterwards, his father's backache disappeared. The herb has been known "bunny' seed" ever since.

Premarket Notification for Fructus Cnidii in VI-28

COMPANY NAME: Vigconic (Intenational) Ltd.  
COMPANY ADDRESS: 5B, Cheong Wah Factory Building  
39-41, Sheung Heung Road, Tokwawan  
Kowloon, HONG KONG

NEW DIETARY INGREDIENT NAME: FRUCTUS CNIDII (Cnidii Monnieri  
Fructus (***Cnidium monnieri*** ***cusson***,  
**Matsuda**); Dried Fruits of Cnidium  
monnieri)

INTENDED USE: Fructus Cnidii is intended for use as a dietary ingredient in the dietary supplement product, VI-28. The dietary supplement product will contain 60 mg of Fructus Cnidii per capsule, for a dietary intake of maximum 120 mg per day.

HISTORY OF USE/SAFETY EVIDENCE FOR NEW DIETARY INGREDIENT:

The history of use of Fructus cnidii is established from a review of current products in the U.S. marketplace. Examples of such products include Stamina-Rx, a dietary supplement for "enhancing sexual performance", which contains 25 mg of Cnidium monnieri and instructions that use should not exceed 4 tablets in a 24-hour period, for a total dietary intake of 100 mg<sup>25</sup>. Watkins "Male Formula" is currently being sold in the U.S. to aid in optimizing male health. The formula includes a proprietary herbal blend in an amount of 500 mg that includes Cnidium monnieri<sup>26</sup>. Vagistatin is a product useful for "cervical dysplasia, HPV, and candidiasis". The ingredients of the supplement include cnidium fruit. No information is given as to the amount used or frequency of administration<sup>27</sup>.

Evidence of the safety of the dietary ingredient is shown in the study performed on the dietary supplement VI-28. A summary of the study and a copy are attached herewith<sup>28</sup>.

Evidence of safety of Fructus cnidii is also shown in the scientific literature. In one study, the anti-inflammatory effects of a dietary supplement were determined upon application to rats. The dietary supplement, *Xuan-Ju*, contains in its ingredients Fructus cnidii. The supplement was administered at doses of .20, .40 and .80 g/kg<sup>29</sup>. Another report detailed the use of Cnidium monnieri in

<sup>25</sup> Available at [www.stamina-rx.com/about.html](http://www.stamina-rx.com/about.html).

<sup>26</sup> Information available at [www.watkinsonline.com](http://www.watkinsonline.com).

<sup>27</sup> Information available at [www.emersonecologics.com](http://www.emersonecologics.com)

<sup>28</sup> The letter from Dr. Laurence S.L. Shek and Anti-ageing Study show the results of administration of VI-28.

<sup>29</sup> Wei J et al. "Anti-Inflammatory effects of an herbal medicine (Xuan-Ju agent)...", Journal of Ethnopharmacology, 89(1) pp. 139-141 (2003).

the prevention of hepatotoxic effects of tacrine (1,2,3,4-tetrahydro-9-aminoacridine hydrochlorid)<sup>30</sup>.

Based on the presence of *Fructus cnidii* in current herbal supplements sold on the U.S. market used in an amount similar to the amount used in VI-28 supplement, and studies performed on VI-28, it is believe that *Fructus cnidii* as present in VI-28 can reasonably be expected to be safe.

---

<sup>30</sup> Oh, H. "Sesquiterpenes with Hepatoprotective Activity from *Cnidium monnieri*...", *Planta Med* 68, pp. 748-749 (2002).

## About Stamina-Rx

**BUY DIRECT**  
From the Manufacturer!

### Stamina-Rx

Maximum Sexual Enhancer for Men!

**Stamina-Rx** is a revolutionary sexual stimulant engineered to increase sexual stamina and arousal. Unlike the competition, **Stamina-Rx** uses only the highest grade extracts and nutraceuticals available in its raw material purchasing.

**Stamina-Rx** uses **TWO** proprietary components not found anywhere else in America:

- 1) **Xanthoparmelia Scabrosa** - induces smooth muscle relaxation, allowing for maximum arterial dilation and increased bloodflow.
- 2) **Cnidium Monnier** - increases nitric oxide release and inhibits PDE-5, allowing erections to be sustained for longer periods of time.

Also included in **Stamina-Rx** are **four key components** incorporated for their time-proven ability to enhance sexual performance.

- 1) **Yohimbe 8% Extract** - Yohimbine HCL, the active constituent, increases blood flow to the penis and dramatically increases libido. Stamina-Rx contains the highest percentage yohimbine hcl found in the world! Again, beware of the competition! Products containing inferior yohimbe often have NO yohimbine hcl ... rendering it useless!
- 2) **L-Arginine** - Increases natural production of nitric oxide, leading to a more rigid erection.
- 3) **Gamma Amino Butyric Acid** - Increases dopamine levels, igniting a euphoric feeling and increasing sensations during orgasm.
- 4) **Epimedium / Horny Goat Weed** - Increases the sex drive as effectively as any compound known to science! Stamina-Rx uses a 20:1 extract (5 times stronger than the competition!) to ensure "MAXIMUM Stimulation!"

### Supplement Facts

**Serving Size:**  
1 Tablet

**Servings per container:**  
30

**Amount Per Serving**  
% DV

### Ingredients:

Xanthoparmelia Scabrosa  
25mg  
L-Arginine 75mg, GABA  
25mg  
Cnidium Monnier  
25mg, Yohimbe (8%  
Extract) 50mg,  
Epimedium (20:1 Extract)  
100mg

### Suggested dosage:

One or Two tablets prior to sexual activity, not to exceed 4 tablets in any 24-hour period. First time users may need to experiment with dosage levels for optimum results.

**Stamina-Rx for Women**

**BUY DIRECT**  
From the Manufacturer!

## Maximum Sexual Enhancer for Women!

**Stamina-Rx for Women** is designed especially for women's needs and sexual pleasure. Stamina-Rx for Women! actually initiates the physical orgasm by introducing the release of oxytocin into the body. Studies have shown this mechanism can dramatically improve the "strength" and duration of an orgasm as well as facilitate a multiple orgasm.

Also, by elevating the dopamine and norepinephrine levels, the mental/ psychological self is also aroused and ripe for climax.

**What is in Stamina-Rx for Women!** Stamina-Rx for Women is an easy-to-swallow tablet taken about 45 minutes prior to sexual activity. Manufactured by HI-TECH Pharmaceuticals, Inc., each product is subjected to more than 20 tests for safety and potency. **Stamina-Rx for Women** contains the following ingredients:

**Xanthoparmelia Scabrosa:** Blocks an enzyme within the body allowing blood to remain in the clitoris.

**Cnidium Monnier:** Blocks the breakdown of nitric oxide release, allowing for more prolonged smooth muscle relaxation, thereby allowing the clitoris to remain filled with blood.

**Yohimbe 8% Extract:** Can increase blood flow to the clitoris by as much as 10 TIMES to original volume, leading to dramatically heightened sensitivity!

**L-Arginine:** Stimulates the release of nitric oxide, causing smooth muscle cells to relax. This allows the clitoris to "accommodate" the initial influx of blood upon stimulation.

**Mura Puama Extract and Gingko Biloba Extract:** Evidence is clear that the female sexual response is as closely tied to the mental and psychological states as it is to physical states. This nutraceutical combination has been shown in clinical trials to increase desire, to increase the strength and duration of orgasm, and to precipitate multiple orgasms.

**Ageratum Extract:** Produces oxytocin release. Oxytocin controls microcirculation within the body and brain. Oxytocin is naturally released during heightened sexual contact, with peak release during orgasm. When oxytocin is introduced into the body, studies suggest the body responds with additional release. This affect has been shown to lead to powerful, "full body" orgasms and multiple orgasms. NOTE: Pregnant women should consult a physician before taking this product.

**Mucuna Pruriens (20% L-dopa):** Stimulates the release of dopamine and norepinephrine, the two key neurotransmitters (chemical messengers) that affect sexual desire and libido. This component energizes the hypothalamus (the brain's "sex center").

**Icariin-50:** The most pure form of Epimedium available on the market

## Supplement Facts

**Serving Size:**  
1 Tablet

**Servings per container:**  
30

**Amount Per Serving**  
Proprietary Blend 350mg

### Ingredients:

Mura Puama (root),  
Epimedium (leaves/stem)  
50% Extract, Mucuna  
Pruriens (seed), Herba  
Cistanches (root),  
Xanthoparmelia Scabrosa  
(lichen), Cnidium Monnier  
(fruit), Yohimbe 8% (bark)  
yields 2mg Yohimbe  
Alkaloids, Ageratum (root)  
yields 2mg Yohimbine  
Alkaloids, Ageratum  
(root), Gingko Biloba  
(leaves), L-Arginine HCL

### Suggested Dosage:

Take 1 to 2 tablets an  
hour prior to sexual  
activity. Do not exceed 4  
tablets in 24 hours.

...the most pure form of Epimedium available on the market, imported exclusively for Hi-Tech Pharmaceuticals, Inc. Icariin, the active component in "pure" Epimedium dramatically increases libido and sexual desire.

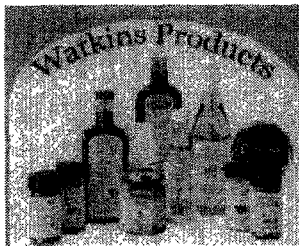

**Cistanches Extract:** Used in the Emperor's Formula in China for increased libido and sexual energy. Currently, China has placed a ban on its export due to raw material shortages. However, Hi-Tech Pharmaceuticals, Inc. has previously secured a sufficient quantity to accommodate the first phase of distribution of Stamina-Rx for Women!, as well as all re-orders from existing clients. Hi-Tech Pharmaceuticals, Inc. is the only company in the United States able to import premium-grade Cistanches Extract.

#### **Supplement Benefits:**

- \* Increase Libido
- \* Heightened Sensitivity
- \* Increased Strength of Orgasms

## Nutrition and Health

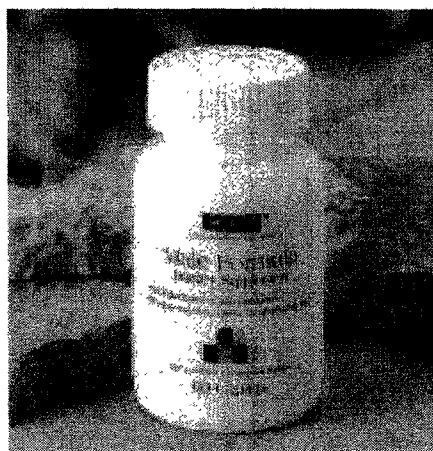

### Male Formula (U.S. product) Article No. 2262 (60 caplets)

This formula provides extra amounts of vitamin E and folic acid, plus our proprietary Male Herbal Blend and other traditional Chinese herbs designed for optimum male health. 30-day supply.

#### Why Watkins?

- **Vitamin E:** An important antioxidant; may help neutralize harmful effects of LDL cholesterol; protects against oxidative stress caused by exercise; supports heart health.\*
- **Folate (folic acid):** Lowers homocysteine levels which helps to maintain healthy heart and brain function.\*
- **Pueraria Root:** The richest-known source of isoflavones. These are the beneficial compounds previously identified in soy and have been shown to help maintain healthy hormone levels and support prostate health.\*
- **Saw Palmetto Extract:** Shown to have a positive effect on prostate health.\*
- **Lycopene:** A carotenoid (like beta carotene) found in tomatoes. Studies have shown lycopene to be more effective than other carotenoids in promoting male health.\*
- **Proprietary Male Herbal Blend:** Traditional herbs used since ancient times for optimum male health.
- **Watkins Bio-Activator™ Blend (Black Pepper and Ginger):** Scientific studies strongly suggest that black pepper and ginger may help to protect and maximize the potency of vitamins and nutrients in the body.\*

*\*The Federal Food, Drug, and Cosmetic Act requires the following statement: These statements have not been evaluated by the Food and Drug Administration. This product is not intended to diagnose, treat, cure or prevent any disease.*
